

# Readers' Corner Bookstore Website

## Project Overview

Readers' Corner is a responsive and visually appealing **bookstore website** built using HTML, CSS, and JavaScript. The website allows users to browse book collections, view gallery images, learn more about the store, contact the team, and submit enquiries through an integrated Google Form.

**GitHub Repository:** <https://github.com/Rhuls10/Reader-s-Corner-BookStore->

## Pages Included

Page	Filename	Description

## Welcome to Readers' Corner

Your trusted local bookstore for all your reading needs — from novels to study guides, we've got something for everyone!

## Discover Our Collections

Explore a wide variety of fiction, educational books, and stationery essentials for students and avid readers alike.

The image shows a mobile device displaying a website for "Readers' Corner". The header bar is black with white text, containing links for Home, About Us, Books, Gallery, Contact, and Enquiry. Below the header, there are three main content sections, each enclosed in a rounded rectangular box with a thin pink border:

- Our Story**: Founded in 2010, Readers' Corner started as a small family-run bookstore with a simple goal: to make books accessible and affordable for everyone in the community. Over the years, we've grown into a trusted hub for students, parents, and book lovers alike.
- Our Mission**: Our mission is to nurture a culture of reading by providing a wide variety of books, from timeless classics to modern bestsellers, along with essential school textbooks and quality stationery.
- Our Vision**

At the bottom of the screen, there is a dark horizontal bar with two white symbols: a double equals sign (=) on the left and a double slash (//) on the right.
